

LISTING OF GREAT-BRANCH DELEGATES

For each Great-Branch that has been documented in our Archives so far, the Delegates' table identifies the DELEGATE, E-MAIL address, and WEBSITE address (if any). The DELEGATE column identifies the member of the Great-Branch who is currently representing the branch. The relationship of the Delegate to the Branch name-sake (ancestor for which the branch is named) is also given in that column as well as the state or province where the Delegate currently resides. The web-site address is given if a web-site has been developed for the branch.
